AL BAKER®

IT'S ALL GOOD™

For generations, the paratha has been more than bread, it's comfort, tradition, and togetherness on a plate.

Al Baker brings that same homestyle magic to the modern kitchen, crafting frozen parathas that are ready in just three minutes without compromising on taste, texture, or authenticity.

Made from fresh flour and free from artificial colours and preservatives, every Al Baker paratha is rolled and layered the traditional way, then flash-frozen to lock in freshness.

From the everyday Plain and Whole Wheat parathas to indulgent favourites like Paratha with Kiri® Cheese, and regional classics like the flaky Malabar Paratha and hearty Mixed Vegetable Paratha, the range is built for every table, every craving, and every time of day.
